

Agile Portfolio Management-Roundtable

Jochen(Joe)Krebs
www.incrementor.com

1

Agile Pyramid

2

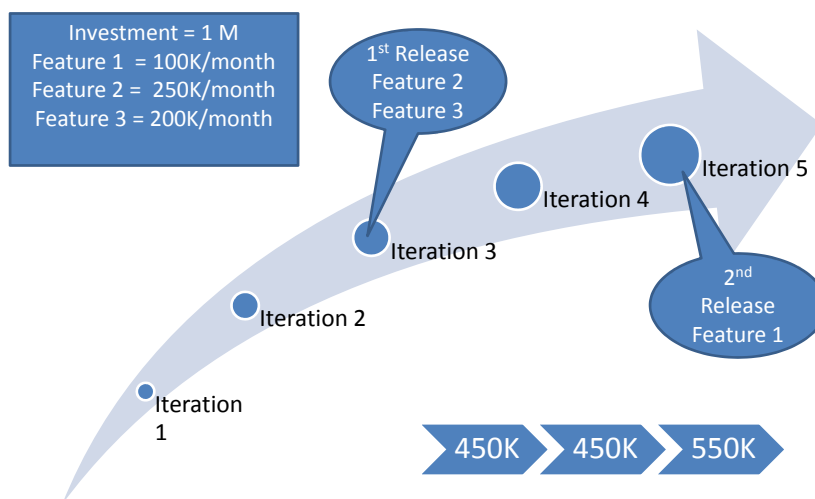

Challenges with Traditional Project Management in an Agile Project.

- Work- Breakdown Structure (WBS)
- Gantt-Charts
- Critical Path Analysis
- Project Reporting
- Team Hierarchy and Structure
- Innovation and Improvement
- Requirements Management

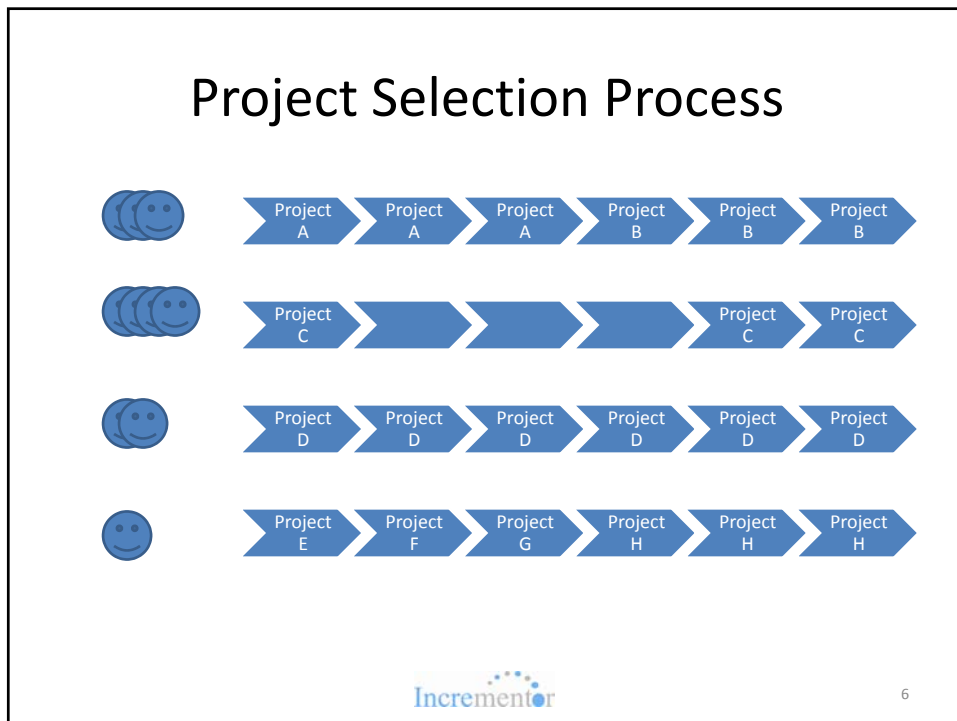

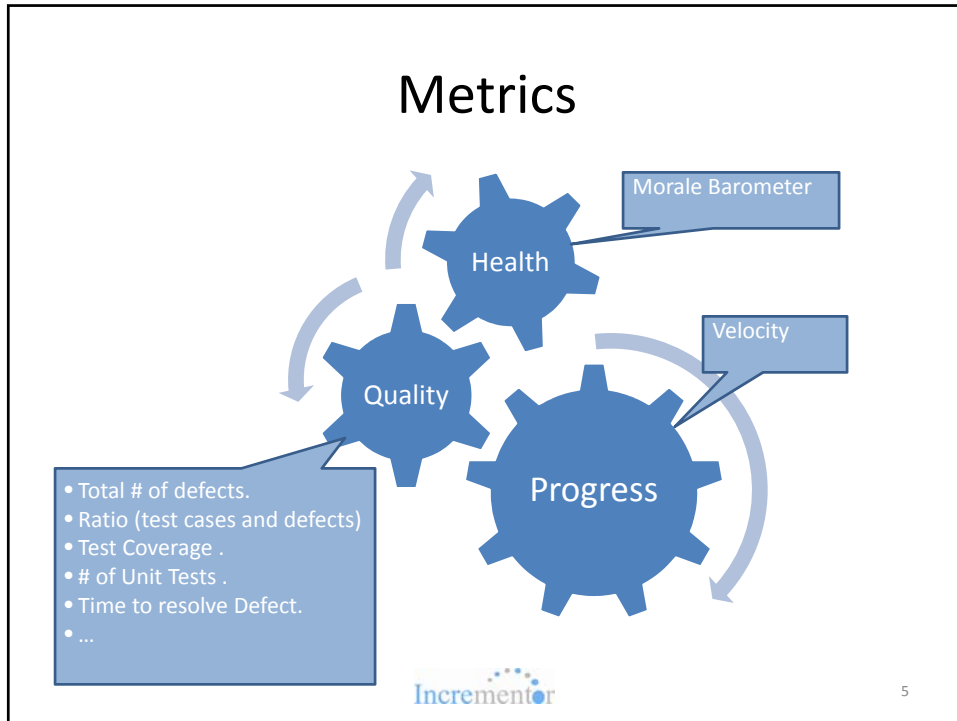

3

Return of Investment

4

What's Up RUP?

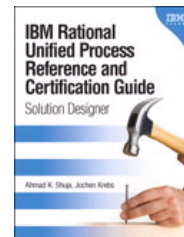

Jochen(Joe)Krebs
www.incrementor.com

7

Speaker

- Jochen (Joe) Krebs
- www.jochenkrebs.com
- Author of *Agile Portfolio Management* (Microsoft Press 2008)
- Co-author of *IBM Rational Unified Process Reference and Certification Guide* (IBM Press 2007)
- APLN-NYC, PMP®, RUP®, Scrum Master, Agile Alliance, Agile 2008, NYU
- Authorized IBM training provider and business partner (incl. RUP, RMC, project management)

8

What's Up RUP?

- Key Principles of Business Driven Development
- Unified Method Architecture (UMA)
- OpenUP
- IBM Rational Method Composer / EPF
- RUP™ Certification

RUP is registered trademark of IBM.

9

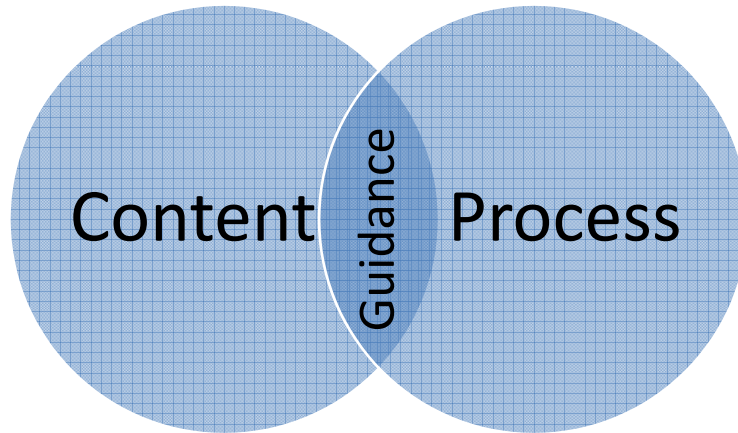

Key Principles of Business-Driven Development

- Adapt the Process.
- Balance Competing Stakeholder Priorities.
- Collaborate Across Teams.
- Demonstrate Value Iteratively.
- Elevate the Level of Abstraction.
- Focus Continuously on Quality.

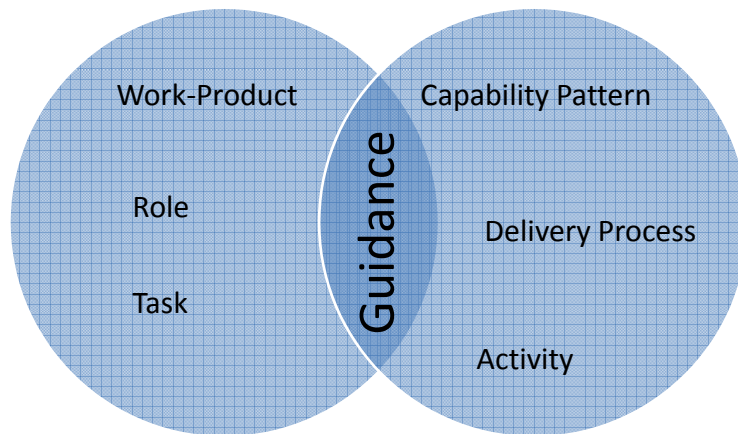

10

Unified Method Architecture

11

Unified Method Architecture

12

Guidance Elements

- Checklist
- Concept
- Estimation Consideration
- Example
- Guideline
- Practice
- Report
- Roadmap
- Supporting Material
- Template
- Term Definition
- Tool Mentor
- Whitepaper
- Reusable Asset

13

IBM Rational Method Composer

- Utilizes the UMA Architecture.
- Eclipse Based Product.
- Manages one process library.
- Plug-ins to separate method content.
- Browsing (testing) perspective.
- Authoring Perspective.
- Configuration as Deliverable.
- Wizard-driven publication.
- Export of tasks to Microsoft Project.
- Visual process engineering using activities, milestones etc.

14

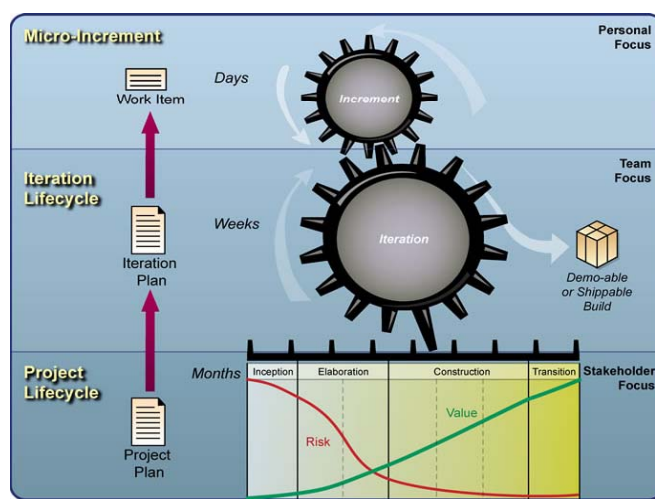

EPF and OpenUP

- Eclipse Project
- Open-Source Process
- Sponsored by IBM
 - Donated partial content from RUP for small projects.
 - Assigning contributors and team members
- Telelogic, Number Six, IBM, University of British Columbia, Xansa, Armstrong Process Group, Whatever Consulting, Ivar Jacobson International and others.

15

The OpenUP “Hump Diagram”

16

EPF Composer

- Similar to RMC
- Release 1.2
- Download at: <http://www.eclipse.org/epf>
- Wiki-Integration
- Publication of custom categories

17

New RUP Certification

- Title: IBM Certified Solution Designer – IBM Rational Unified Process v7.0
- IBM examination identifier: “839”
- Focus on:
 - Rational Unified Process - Phases and Disciplines
 - Rational Unified Process - Diagrams
 - UMA (Content, Process, Guidance)
 - Key Principles of Business-Driven Development
- 52 (39 to pass) Questions, 75 minutes
- RUP-Blog: <http://www.jochenkrebs.com>

18

Outlook

- What is next?
- RUP and the agile community?
- Certification in the agile industry?
- Process authoring after 2008?
- Who will develop plug-ins?
- Open source community?
- RUP and IBM Press?

19

Thank You!
